## JIMMY TODD WINS QUALIFYING ROUND HONORS AT UPLANDS

Oak Bay Lefthander Finishes With Thirty-Six-Hole Total of 143 to Head Field in British Columbia Golf Championship—Clarence Brynjolfsson Is Second—Match Play Begins Today

COMING in with a par-equaling round of 70 in the afternoon after being only three over in the morning, Jimmy Todd, southpaw ace from the Victoria Golf Club, and holder of the city championship, breezed through to the qualifying round honors, yesterday, at the Uplands course in the British Columbia amateur title meet with a thirty-six-hole total of 143.

Todd, who also holds the Oak Bay crown, was the only one of the field of thirty-seven to mark time with Old Man Par throughout the day. Some of them came mighty close, but none could keep up with him.

At the end of the morning eighteen, Todd was tied for top position with Ken Black, Vancouver, defending titleholder, and Clarence Brynjolfsson, Uplands Club, with a card of 73. After lunch it was a mad scramble for the medal honors, but Todd, steady as ever, and splitting the fairways with long, straight drives, went out in 36, one over, and back in 34, one under, for a brilliant round to finish three full strokes in front of the field. In the forenoon the city champion coasted over the outgoing route in 38, and then clipped three strokes off that total for his 73.

FINISHES SECOND  
In finishing in the runner-up berth, Clarence Brynjolfsson shot two steady rounds, both of which were just three strokes over par. In the morning he was out in 36 and back in 37, and in the afternoon he reversed these figures.

## INTERNATIONALS TO AID BILBAO

Units From Successful Defenders of Madrid Will Bolster Basque Defence

HENDAYE, Franco-Spanish Frontier, May 21 (P).—The Madrid-Valencia Government has promised to send units of its hard-fighting International Brigade to help defend the Basque Government. The Basque Government announced tonight.

The brigade comprises volunteer Russians, Britons, Americans, and men from other nations who converged upon Madrid to join the Government forces shortly after the civil war began. It has been credited with a major share in the successful defence of Madrid.

## REFUGEES SAIL

Th Spanish steamship Habana, carrying 4,000 children from the besieged Basque capital, sailed from Bilbao for Southampton. President Joe Antonio Aguirre and other Basque officials went aboard to bid the refugees farewell. They will be placed in camp in England. Three other ships were to sail tomorrow for France with 3,000 refugees.

Insurgent northern headquarters announced the capture of twenty-five Britons and several Russians fighting at Munguia, a bitterly contested town less than ten miles northeast of Bilbao.

Basque militia launched counter-attacks to drive the insurgents back from the last line fortifications of Bilbao. Government planes aided a campaign at Munguia that pushed General Emilio Mola's forces back. Bilbao dispatches said.

Insurgents said they occupied three miles of highway between Munguia and Guernica, the insurgent-held sacred city of the Basques.

## Cholera Epidemic Sweeping Siam

BANGKOK, Siam, May 21 (P).—A cholera epidemic has swept Siam and hundreds are dying every week, but health authorities said today the situation is improving. Official statistics list 8,147 cases, and 5,164 deaths since the epidemic started in January. Export of fruits and vegetables has been banned.

## DEATH DUE TO POISON

Source of Aconite Which Killed Doukhobor Woman Not Known

NELSON, May 21 (P).—A deadly poison, used principally in externally-applied liniments, caused the death of Mrs. Alex Berekoff, a cornerer's jury here heard today while inquiring into the death of Krestova Doukhobor woman.

Mrs. Berekoff and three other Doukhobors died several weeks ago from an unexplained malady. Her mother-in-law and a sixth Doukhobor recovered from symptoms of a similar illness in hospital here.

Inspector J. F. O. B. Vance, of the Vancouver Police Bureau, of Science, who examined body specimens of Mrs. Berekoff, said aconite, active principal of the drug aconite, had caused the woman's death.

UNKNOWN SOURCE  
The jury returned a verdict of death due to aconite taken into the body from an unknown source, after hearing evidence the poison was present in plants such as buttercups, monkshood and the aconite root.

Dr. D. W. McKay, Nelson, who attended Mrs. Berekoff until her death, said aconite was used in liniments for its pain-killing properties and in minute doses only medicinally.

## FLOODS DAMAGE ALASKAN TOWNS

Tanana and Fort Yukon Suffer Considerably From Rising Waters—Fairbanks Threatened

FAIRBANKS, Alaska, May 21 (P).—Floods harassed two interior Alaska towns tonight and river waters were rising at Fairbanks, scene of last week's serious inundation.

Reports from Tanana, on the north bank of the Yukon, said high waters ripped out bridges and telephone poles, piled big blocks of ice along the river front, and flooded the post office and commissioner's office.

Amateur radio messages from Fort Yukon said the Episcopal Mission there was flooded with thousands of dollars' damage to meat and other supplies stored there.

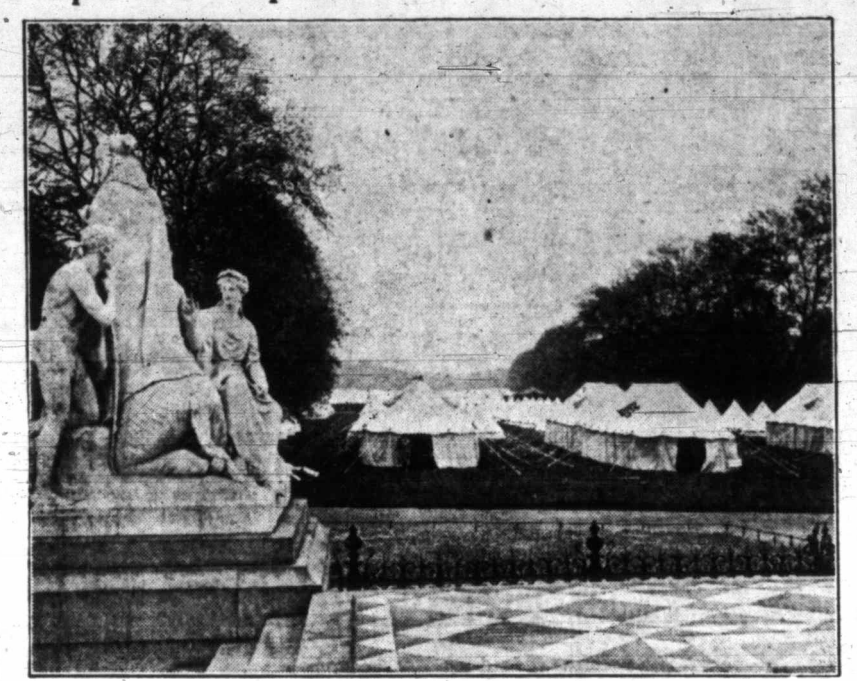

The Chena River at Fairbanks continued to rise tonight, reaching a stage of eight feet above the summer normal, but five feet below last week's peak. Officials said they did not expect the previous height would be duplicated.

## Mystery Surrounds Initial Sessions of Imperial Conference

LONDON, May 21 (P).—The Imperial Conference is deep in the tangle of European affairs. No commitments have been made by any Dominion. None, it is authoritatively learned, have been asked. But the conference has succeeded in surrounding itself with an air of mystery which leaves everybody speculating.

## Foreign Volunteers May Be Withdrawn, but Truce In Spanish War Unlikely

Berlin and Rome Favor Only Gradual Removal of Nationals

BRITAIN PUTS FORWARD ARMISTICE PROPOSAL

LONDON, May 21 (P).—As reports were circulated, and denied, that Premier Mussolini had informed the Spanish Insurgents that Italian troops would be withdrawn from Spain, Havas News Agency reported tonight diplomatic circles believed Germany and Italy would oppose a truce in the Spanish civil war to facilitate withdrawal of foreign volunteers.

Both Berlin and Rome will argue instead, Havas learned, that a gradual withdrawal of volunteers under a plan which would entail no cessation of hostilities be substituted for the British plan to arrange an armistice for the purpose. France supports Britain in urging the armistice.

Neither Berlin nor Rome has yet replied to London's suggestion, but Continued on Page 6, Column 6

## Aga Khan's Followers In Battle

LUCKNOW, India, May 21 (P).—A curfew was ordered effective today after followers of the Aga Khan had clashed with a rival Moslem sect over religious differences.

Armed police patrolled the city. Shops were closed. The clash was between the Shias and the Sunnis. The Shias are followers of the Aga Khan. The Sunnis are a more orthodox Moslem sect owing allegiance to the Khalifa. Thirty participants were injured in the rioting.

## Social Crediters Being Asked if Aberhart Should Resign

EDMONTON, May 21 (P).—Asking members of Social Credit groups throughout Alberta if they "wish Aberhart to resign as Premier," a three-point questionnaire, designed to obtain the attitude of Alberta Social Credit League members, is being circulated by the League, according to W. N. Chant, former Minister of Agriculture.

Speaking at Kelsey, Mr. Chant declared he feared that if a majority of favorable answers were received to question No. 2—"are you in favor of your M.L.A. supporting the present Government?"—Premier Aberhart would use them as "a club" to force insurgent members "into line," perhaps even to the extent of bringing on an election.

### Underground Has Splendid Record Of Fine Service

LONDON, May 21 (P).—London's underground railway system carried more than 6,000,000 passengers in forty-six hours ending at 4 p.m. the day following Coronation Day. There was not a single mishap and all trains ran within four minutes of scheduled time. Average daily traffic on the underground is 1,500,000 passengers.

### Physique of Police Gives Envy's Pang

LONDON, May 21 (P).—Envy at the physique of the Royal Canadian Mounted Police—Coronation contingent—was expressed at a luncheon here by General Sir Harry Chavel, leader of the Australian contingent.

He saw the "Mounties" arrive at Pimlico Camp.

"The first man to get out of the bus was, I swear, seven feet high," said Sir Harry. "I thought, 'That has put my men in the shade.'"

### POLICE SEARCH FOR INFORMANT

Germans Promise Death for Treason to Person Giving "False" Information

BERLIN, May 21 (P).—The German secret police is seeking suspects who may have given Cardinal Mundelein, of Chicago, information for his anti-Nazi speech and who, under German law, could be charged with treason. Death from the executioner's axe is the penalty upon conviction.

Foreign observers believed, however, the retaliation would be directed against religious organizations rather than individuals if there is evidence information was supplied from German sources.

### SAYS PROOF ESTABLISHED

The Government contends open trial and conviction of the churchmen established proof of the immorality, and that reports to the contrary are fabrications.

Published accounts attributed to United States newspapers related the cardinal supposedly obtained his data on the immorality trials from German residents. The information allegedly was relayed through the Franciscan Sisters in Illinois.

The controlled German press in vigorous language made much of the situation today.

### SENTENCED TO DEATH

GRANBROOK, B.C., May 21 (P).—An assize court jury late today convicted Vincent Macchione of murdering Michael Hudock at Fernie, near here, last February. Macchione was sentenced to hang August 5, by Mr. Justice A. M. Manson.

### Next Week Expected To Be Last in Office For Stanley Baldwin

British Prime Minister Bringing to Close Twenty-Nine Years of Distinguished, Patriotic Service—Chamberlain Unchallenged as Successor

LONDON, May 21 (P).—After twenty-nine years of devoted and distinguished service to his country as private member of the House of Commons, Cabinet Minister and Prime Minister, Stanley Baldwin stands on the threshold of retirement.

The "country squire," respected by his countrymen of every political stripe, has given no definite indication as to when he plans to take leave of his onerous duties, but those close to him have fixed the date as a week from tonight—May 28.

### FEEFAGE PROBABLE

It is generally agreed in political circles that he will be prevailed upon to accept a peerage, and London columnists have already bestowed upon him the title of "Earl Baldwin of Bewdley." They say he would thus honor the division represented in Parliament continuously by him since 1901 and by his father before him.

Soviet Aviators Bring to Successful Climax Year of Preparation for Establishment of Air Base at World's Axis—Making Ready for Landing Of Four Other Planes in Near Future

## Base Will Be Established To Remain for About Year

MOSCOW, May 21 (P).—Daring Soviet aviators today carried the first aerial landing party to the North Pole. An expedition of eleven men, having flown over the Pole, was landed safely on an ice floe about twenty kilometers (thirteen miles) from the top of the world.

The expedition was headed by Dr. Otto J. Schmidt, director of the Soviet's "Northern sea route," leader and planner of many ambitious Arctic projects.

The flight was made from Rudolph Island, about 82 degrees north and 60 degrees east (or about 560 miles from the Pole).

The landing brought to a successful climax a year of preparation by Soviet scientists and aviators, looking toward establishment of an air base at the North Pole and an ambitious programme of Polar exploration by airplane.

SIX-HOUR FLIGHT  
M. V. Vodopyanov was pilot of the plane. He took his heavily-loaded four-motored craft off the new landing field at Rudolph Island at dawn. The landing was 6 hours 10 minutes later. Before coming down the airplane circled the Pole many times looking for a landing field.

Tass, the Soviet News Agency, announced the Pole was reached at 11:10 a.m. and the landing made at 11:35 a.m., at the time of the meridian of Rudolph Island (about 12:10 a.m. and 12:35 a.m. M.S.T.).

Immediately after landing the party began preparing a landing field for four other airplanes still waiting at the Rudolph Island base. They are to take to the Pole sup-

## BROADCAST NOT SATISFACTORY

Description of Naval Review Rather Like Fairy Tale Abruptly Ended

LONDON, May 21 (CP-Havas).—British Broadcasting Corporation officials today launched an investigation of an incident which yesterday deprived millions of listeners of a description of the Coronation naval review at Spithead.

The announcer "covering" the review told his vast audience of the air:

"The whole fleet is lit up. A minute or two ago there were 200 men of war here. A magician has waved his wand and now there is no fleet here at all—no damn fleet at all."

Radio listeners cocked ears in amazement. In the broadcasting studios operators reached for switches—radio equivalent of the stage "book."

### GONE TO FAIRYLAND

"It was all outlined in fairy lights," the broadcaster went on. "Now it is gone. We have all gone into fairyland. We are going to send up some rockets and I will give my reactions when they go."

A click abruptly terminated the broadcast. Announcement was made that the description was "unsatisfactory," obliging the studio to cut it short.

Today the sober aftermath of the official investigation began, and included another incident during the Coronation procession, when one "Danny Webb" spoke over the microphone from The Mall for three minutes, representing himself as a B.B.C. announcer—which he was not.

## MASS EVACUATION OF JEWS PLANNED

Poland Looking for New Home for Jewish People to Avoid Anti-Semitic Troubles

WARSAW, May 21 (P).—Poland is seriously considering mass evacuation of Jews to Palestine, to French Madagascar or Africa, or to some other haven to avoid future anti-Semitic disturbances in the country.

The Foreign Office newspaper Polish Political Information, discussing the situation after anti-Jewish outbreaks in several towns the past few days, said the Government "consistently has treated with sympathy the idea of Palestine as a national home for Jews, and has always encouraged Polish Jews who wish to go there."

But all of Poland's 3,000,000 Jews, among a population of 34,000,000, cannot be absorbed by Palestine, the Foreign Office mouthpiece continued, so other areas must be found.

# Hon. G. Pearson Says Industrial Recovery Is Helped by Province

Minister of Labor Appeals for Co-operation in Solution of Unemployment—City Liberals Heard at City Temple Rally

INCREASE of British Columbia industrial payrolls by \$30,000,000, the return of 30,000 men to work in primary industries, and the training of 1,000 young men who later secured gainful work, were results from a Liberal policy of social and labor legislation with which the British Columbia Government could fairly claim to have assisted industrial recovery in the province, Hon. G. S. Pearson declared before Ward Two Liberals at the City Temple last evening.

Mayor Andrew McGavin presided, introducing also Byron Johnson, Mrs. H. P. Hodges, Alderman W. T. Straith, three of the four Liberal candidates in the city, and Captain A. M. Aitken, a supporting speaker. Mr. Pearson delivered the main address at a well-attended rally, which was broadcast.

## ACUTE PROBLEM

Relief, if standardized on the present basis of maintaining men idle in the cities, would break down the resources of the country, Mr. Pearson warned flatly. In spite of almost complete recovery in primary industries 78,000 persons were still in receipt of relief. Industry would have to do its part to assist in solving this problem by creating work opportunities.

While it would take neither credit for industrial recovery, nor blame for the problem of relief, the administration could point to honest efforts to solve the latter difficulty.

# Honor Memory of Good Queen Victoria

City school children, yesterday morning, took part in the annual commemorative ceremonies in honor of Queen Victoria, arranged by the Victoria Chapters of the I.O.D.E. The photograph shows children grouped on the steps of the Legislative Buildings. In the foreground are the School and Sea Cadets. May 24 is the anniversary of the birth of the Queen, and is celebrated as Empire Day.

towards such a programme, Mr. Johnson declared.

Ald. W. T. Straith announced that it was the intention of the British Columbia Government to do seventy miles of roadwork on the Island Highway this year, and that this would complete the highway from Victoria to Campbell River this summer. The Government was doing so, he said, at the request of boards of trades, and as a measure of response to emergence from depression, with consequent improvement in revenues. Cathedral Grove had been built to Elk Falls to Butte Lake, and on the Forbidden Plateau, Alderman Straith concluded.

Mrs. H. P. Hodges made an appeal from the woman's standpoint, citing success under Liberal regimes of movement towards social improvement and the betterment of working conditions for all people. The Liberal party had first put a woman in the Legislature, and today stood on its record in policies designed for the benefit of the people, Mrs. Hodges concluded.

Capt. A. M. Aitken turned his gaze on Conservative standing in the city, and appealed for the election of four Liberals in Victoria. C. H. O'Halloran, K.C., opened the meeting, but gave way to Mayor McGavin, when the latter arrived from another function.

# PROPOSES CIVIL SERVICE NURSES

Revolutionize State Health System, Says C.C.F. Candidate in Victoria

State medicine and civil service control of the nursing profession was advocated by Mrs. K. A. Bell, C.C.F. candidate in Victoria city, at a meeting in Sir James Douglas School last evening. Health insurance which would include all workers and indigents was necessary as a Government policy, said Mrs. Bell, who thought preventive measures against sickness necessary and economical. Prevention of disease at an early stage would save much money and suffering, she declared.

W. B. Caird and Nigel Morgan, who also are contesting Victoria city as C.C.F. candidates, addressed the meeting. W. R. Perry presided.

**TOO MANY SLOGANS**  
Mr. Caird spoke of the abundance in Canada of the necessities of life, the only barriers to its enjoyment by all the people being the present economic system, he asserted. He submitted the necessity for a social change and said that the C.C.F. was the only party which could give effect to this change on democratic lines. Mr. Caird stated that while both Liberal and Conservative parties presented many slogans, they had no constructive policy with which to fulfill their election promises. The C.C.F. policy, he claimed, was one of confiscation, but of restoration.

**DEBT OF PROVINCE**  
Mr. Morgan discussed the net public debt of British Columbia, which, he said, had increased 500 per cent since 1914. While Liberal

# B.C. Log Scale Was Steady In Month of April

OFFICIAL British Columbia log scales for April totaled 223,109,849 board feet, compared with 234,323,588 board feet in a like period last year, provincial records showed yesterday. That brought log scale for the year to date to 599,051,699 board feet, down 130,000,000 feet from the first four months of 1936. Log exports in April were 15,661,625 board feet, and for the season to date 61,206,059 board feet. Scaling is only a partial index to actual operations.

and Conservative pointed a finger at each other, it should be noted that the Liberals had increased the net debt by approximately \$65,000,000 and the Conservatives by about \$63,000,000. With the public debt of British Columbia increasing at the rate of \$8.45 per minute, he said, there was a great necessity for a constructive, businesslike plan of administration, including ownership of public utilities, state monopoly of brewing and distilling, and public ownership of refining and distributing gasoline.

"Do you want to give your mandate to a capitalistic Government which will continue to increase your debt, or do you want security in the future?" Mr. Morgan asked in conclusion.

ploughed or the snow packed smooth and hard for winter flying.

The Dominion Government's airport at St. Hubert, Montreal, is already completely equipped for all-weather flying and is using the radio beam, which will eventually provide guidance over the entire Canadian route. Vancouver has one of the finest fields in America, the minister said. Winnipeg and Prairie points on the route are practically ready.

## TEST FLIGHTS SOON

Test flights will soon be made in the West with the new Government-owned all-metal plane similar to that used by Merrill on his trans-Atlantic flight. It is estimated that ten pilots will be sufficient to inaugurate the service and no difficulty will be encountered in recruiting them among Canadians.

# LARGE AUDIENCE HEARS SPEAKER

Tim Buck, in Addressing Meeting Here, Supports C.C.F. Nominees in British Columbia

Speaking of the C.C.F. candidates in the province, Tim Buck, general secretary of the Communist Party of Canada, was heard by a capacity audience in the Chamber of Commerce auditorium here last evening. W. Davis was chairman.

"Although we do not agree entirely with the C.C.F. policy," Mr. Buck said, "we must choose between them, the Conservatives or the Liberals. The C.C.F. is the party which comes closest to the immediate general interest of the working people." Mr. Buck went on to cite the differences in the Communist and C.C.F. parties. He said he wished to correct the false impression that the Communists were not for democratic government. It was also not true that Communists wanted Socialism by revolution, he pointed out. "We want it on the same basis as the C.C.F., by constitutional means."

The speaker also referred to the \$150,000,000 debt, he said the province was burdened with. Taxes should be levied at the point of production on timber, minerals, etc., he added.

Unions and the right of the working class to organize unions were dealt with at considerable length by Mr. Buck. He stated that union recognition has been obtained in the East and it was time for organization in British Columbia.

Mr. Buck also spoke on the European situation and the fight between Communism and Fascism.

# SAYS MARKET ACT IS UNFAIR

Leslie Osborne, Conservative Nominee in Saanich, Condemns Liberal Measures

The British Columbia Vegetable Marketing Act is unfair to consumer and producer alike, asserted Leslie Osborne, Conservative candidate in Saanich, at a meeting in St. Martin's-in-the-Fields Hall last evening. It was forcing growers to go on relief, he said, in some districts. He was against the principle of government interference in business. Herbert Anscomb, Conservative candidate in Victoria, and Robert D. Harvey, Victoria, addressed the meeting in support of Mr. Osborne. F. Biles was chairman.

Mr. Osborne said that the Pattullo Government had spent more money on traveling expenses than the amount of its annual grant to some important social services in British Columbia. It had spent more on flying about the country than it had put into the Provincial sinking fund. It had neglected to take steps to replace by afforestation the stands of timber which were being cut down for commercial purposes in British Columbia. It had neglected to follow the lead of Britain and seek a method of developing a substitute for gasoline from British Columbia's surplus coal deposits, he claimed.

## CRITICIZED HEALTH BILL

Mr. Osborne asserted that the Health Insurance Act as passed the Legislature was not the same act that the original committee had framed, and he urged the voters to vote "No" on the insurance plebiscite. He believed that there should be some form of health insurance, but he was against the bill in its present form.

With a searching criticism of the Pattullo Administration, Mr. Anscomb asked the audience to support Mr. Osborne and the "revitalized Conservative party."

Senator J. W. deB. Farris was declared.

"I am surprised to find Alderman Dr. Hunter, chairman of the city finance committee, stating that this year's contribution to Victoria from the Provincial Government amounts to only \$1,500. As a matter of fact, this city receives that amount of relief every third day of this year," Ald. Straith asserted.

The grants returned to this city at the last session of the Legislature amounted to \$6,900, but this is only part of what has been done," Ald. Straith said. "In 1934 the Legislature increased the school grant to our city to the extent of about \$90,000, and this increased grant has been continued to Victoria at each succeeding session. In addition, the Dominion and Provincial Governments in 1935 reduced the municipal share in relief costs from 33-1-3 per cent to 20 per cent, thus relieving our city of another \$50,000 per annum, which has been in effect for two years."

"It will be seen that these three items total about \$150,000 in the year 1937," the speaker pointed out. In addition to this, the Hon. John Hart has stated that further relief will be extended as the revenues of the province permit," Ald. Straith declared.

# CLUBMEN TOLD ABOUT CIVIC THEATRE PLAN

Ernest Chester, Hollywood, addressed members of the Kinsmen Club at their supper meeting on Thursday night in the Empress Hotel on the programme of entertainment to be held in connection with the new Civic Theatre project. Dr. Thomas Miller gave a lecture on public health problems. George Lee-Warner, district secretary of the club from Nelson, and Charles Taylor, Port Alberni, were guests.

# COUNCIL INQUIRES ABOUT CITY HELP

Letters to the eighteen Victoria candidates in the forthcoming Provincial election seeking their attitude on restoration of Provincial Government grants to the city, and their opinion on the city sharing gasoline and amusement tax levies with the Government, were mailed by the City Council last evening.

## CLINCH PETROLEUM

W. L. McIntosh, director of Clinch Petroleum, last night received a telegram, through Lloyd Clinch, president, at Vancouver, stating that the company's well at Valier, Mont., immediately south of Outbank, was drilling from 2,712 feet and making good progress. The company expects the drill to reach the Outbank sand at about 2,850 feet.

NEW WESTMINSTER, May 21 (C)—Reeve Alex D. Patterson was elected president of the Fraser Valley Reeves' Association last night, succeeding Reeve J. T. Brown, of Surrey, it was announced today.

scribed as "the real political boss of British Columbia under the Liberal regime" by Mr. Harvey, and Senator Farris had condemned the principle of the referendum as subversive of representative government.

Last-minute decisions on public works such as the Prince Rupert courthouse and the West Coast Road were shamelessly announced to catch votes, and health insurance had been injected into politics when the Liberal Government "passed the buck to the voters" on a bill which had been already passed in the Legislature, Mr. Harvey charged.

## CONFERENCE NOMINATES DR. WILSON

Victoria Pastor Proposed for  
Moderator of United  
Church of Canada

ADDRESS GIVEN BY  
REV. GORDON SISCO

Rev. W. G. Wilson, M.A., D.D., pastor of First United Church here, was accorded the high honor of being nominated by acclamation as the candidate of the British Columbia Conference, of which he is a past president, for the important position of moderator of the United Church of Canada, during the conference session in Metropolitan Church yesterday afternoon.

This action followed the report of the nominating committee presented by Rev. J. D. Hobden, Vancouver, convener, which recommended comparatively few important changes in the personnel of the thirty-one standing committees. It was initiated by Rev. W. H. Smith, D.D., of Union College, Vancouver, who called attention to the nominee's qualifications. In replying, Dr. Wilson thanked the conference for the honor conferred upon him.

The afternoon session opened with an address by Rev. Gordon A. Sisco, M.A., D.D., Toronto, who spoke in his official capacity as secretary of the General Council. He deplored denominationalism, which he termed "the scandal of the Protestant Church." He characterized the church as a "divine creation... not a human institution," and held, therefore, that it must be unified in the years to come.

**MUST BE REMEDIED**

"The reason for the cleavage in the church today separating the individual and the social gospel," said Dr. Sisco, "is that the latter has not sufficiently about it the association of religion. This must be remedied."

Rev. R. W. Hardy, reported for the pensions committee. He announced the retirement "on grounds of age" of Rev. A. MacMillan, Kamloops-Okanagan Presbytery; H. C. Winch, M.A., D.D., Prince Rupert; Howard A. Ireland, Westminster; and F. E. Pitts, Victoria. Reverends A. O. Patterson, Victoria; Harold M. Clark, George Pringle, Vancouver; O. M. Sanford, Westminster; and T. B. Richardson, Victoria, had been granted new or renewed superannuation.

The committee on education and students, through its convener, Rev. J. W. Miller, reported thirty-five candidates for the ministry in the province. "More recruits," said Mr. Miller, "are urgently needed."

**DELEGATES TO COUNCIL**

Conference delegates to the General Council this year are Dr. M. G. Archibald, Reva, J. W. Miller, A. E. Whitehouse, W. P. Bunt, R. W. Hardy, W. W. MacPherson and

## Are Ordained United Church Ministers

REV. ARTHUR L. ANDERSON, B.A. REV. WILLIAM E. G. DOVEY REV. GERALD R. PUNTER, B.A.

All graduates of Union College, Vancouver, who last night were received into the ministry of the United Church of Canada, at the ordination service conducted at the annual meeting of the British Columbia Conference in Metropolitan United Church here. The ordination service was presided over by Rev. M. Gordon Melvin, B.A., pastor of Chalmers United Church, Vancouver, and the new ministers were welcomed into the conference by the president, Rev. Willard Brewster, M.A., D.D., Vancouver. Principal J. G. Brown, M.A., D.D., Union College; Rev. F. E. Runnalls, B.A., B.D., secretary of the conference, and Rev. H. E. Horton, all of Vancouver, assisted in the service. Special music was provided by Metropolitan Church Choir.

Messrs. W. G. Morton and R. M. Miller.

The report of the Christian education committee was placed before the conference by Rev. George E. Hacker at the morning session. Rev. R. W. Hibbert and Miss Anne Fountain, religious education secretaries in the province, were thanked for their work. Miss Fountain emphasized the need for religious education among adults, especially among those aged about twenty-five.

Mr. Hibbert commented on the work being undertaken by his committee in the field of educational evangelism among young people. "The extended curriculum of the Department of Education freed the church from work in the field of physical education and made possible more emphasis on educational evangelism," he said.

### CHURCH LIFE AND WORK

Rev. W. W. MacPherson offered a report on Church Life and Work. While not attacking any particular cult, it deplored the common unscientific interpretation of Old Testament prophecy and recommended steps to counteract this.

Dr. Willard Brewster, conference president, regretted certain undesirable tendencies shown by churches in their advertising.

The historical committee, in making its report through Rev. A. E. Roberts and John Goodfellow, called attention to the unveiling of the Chisholm Memorial at Kamloops and commended Rev. Mr. Manthrup, who is soon to leave for Washington, on his work in the province among the Scandinavians.

by R. G. Casey, Treasurer of Australia; Premier Savage of New Zealand; Premier General Hertzog of South Africa, and the Marquess of Zetland, Secretary of State for India.

An agreement was reached not to issue any statement beyond the official communiqué, which merely gives the names of the speakers.

### MYSTERIOUS MEETING

Speculation tonight turned mainly on what is described as a small meeting of some of the principal delegates to consider "one matter which arose out of this morning's discussion."

This small committee met in the afternoon before the larger meeting of the principal delegates. It will continue its sessions tomorrow early.

The subject before it is described as "minor," although conference circles decline to disclose what it is. The general assumption is that it is Spain. But the mystery so far remains unsolved.

plies and equipment for the establishment of a base, which will remain there for about one year.

### BY RELAYED RADIO

News of the exploit reached Moscow by radio messages relayed through Rudolph Island. It was delayed, however, because Vodapyanoff's radio apparatus was broken in the landing and repairs required several hours.

Vodapyanoff was one of three Soviet airmen who spent more than a month last year in aerial surveys of the Arctic in preparation for today's adventure.

The other two, Vasily Sergeyevitch Molokoff and Alexander Alekseeff, accompanied him to Rudolph Island several weeks ago (and presumably were on this flight).

### LIKE MILITARY PLANE

The official announcement said Vodapyanoff used a Soviet-designed and built airplane, Ant-8, designed like Soviet military bombing planes. Included in the landing party were four men who planned to remain there on their drifting ice floe for about one year.

They are Ivan Papanian, chief of the quartette; Ernest Krenkel, radio operator; Pyotr Shirsov, described as a hydro-biologist, and Eugene Peredov, magnetologist.

The project is to set up a permanent air base and weather station, where the brave quartette will study meteorological conditions in the "birthplace of weather."

The Polar flight is part of the Soviet plan to establish a commercial air line between Moscow and San Francisco across the North Pole, a distance of about 5,000 miles, much of it across unexplored sea. The Polar station would be "halfway house."

## LIBERALS' AIM IS PUBLIC WEAL

Mrs. H. P. Hodges and Norman Whittaker, Address Meeting at Lake Hill

A group of Lake Hill women yesterday afternoon, at an alfresco meeting, listened to a neatly condensed review by Mrs. H. P. Hodges, Liberal candidate in Victoria, of social legislation which she maintained the Liberal party had introduced during its several regimens within the past twenty-five years. This, she argued, demonstrated that the Liberal party had in the past aimed to further the welfare of the people as a whole rather than to legislate merely for the privileged few.

Introduced by Mrs. E. E. Bell, whose husband is president of the Saanich Central Liberal Association, Mrs. Hodges bespoke the support of the women of Saanich for Norman W. Whittaker, K.C., Liberal candidate for the district, who was present at the meeting. Subsequently Mr. Whittaker returned the compliment by speaking highly of Mrs. Hodges as one of the four Liberal candidates in Victoria. British Columbia, he said, had been fortunate in having had several outstanding women members in the Legislature, viz. Mrs. Mary Ellen Smith, Mrs. Paul Smith and Mrs. R. P. Steeves.

### MOTHERS' PENSIONS

The Liberals, Mrs. Hodges recalled, had introduced the Mothers' Pensions Act in its original form. Later the Tolmie Government had come into power and in a move to economize had, among other things, cut down on social charges, including the mothers' pensions. One of the first things the Liberals had done in their return to power had been to bring back the mothers' pensions to their original position, raising the payment from \$5 to \$7 per month per child.

As a result of Government curtailment of grants to hospitals, hospitals in 1933 faced serious conditions. The number of beds was reduced, the Tolmie regime reducing the grant from seventy-five to forty cents a day. When Premier Pattullo was returned to power, he

## SHRINERS TO GATHER HERE

Members From Northwest  
Will Meet in Convention  
July 30 and 31

Victoria will be host to one of the year's biggest conventions, July 30 and 31, when the Northwest Shrine Council, which is comprised of members from Washington, Oregon and British Columbia, will gather here.

"Of course, we understand that it would be impossible for us to handle the Imperial Council, which is representative of Shriners from all parts of the United States and Canada," said Alderman T. W. Hawkins, who is in charge of local arrangements, yesterday, "but we consider there is no reason why the Northwest Council should not come here. They have accepted our invitation, and we will have the honor of being the first city in Canada to entertain them."

### THOUSAND EXPECTED

"To that end we have invited all the members of the different temples, and their wives, and expect over 1,000 visitors. Many, of course, will stay on to see the military tattoo and the parades which will be held in conjunction with our Jubilee Celebration, the following week."

"Bands and patrols, in their colorful uniforms, will be here from Seattle, Spokane, Tacoma and Portland, and their strength will be increased by the local band and patrol."

Alderman Hawkins has been active in his endeavor to bring the convention here for some time, and in completing arrangements, was assisted by John Baxter, secretary of the Jubilee committee.

## UNION COLLEGE ALUMNI GATHER

Old Boys of Vancouver United Church School Discuss Modern Problems

The Alumni Association of Union College, Vancouver, held a banquet Thursday evening at Speedie's Cafe. Rev. G. B. Switzer, Ph.D., Vancouver, presided. The principal speaker, Rev. J. Richmond Craig, was introduced by Rev. Hugh Rae, Mr. Craig, who is soon to leave Victoria to take a charge in Ottawa, told of his college days in Westminster Hall. He said that in his time it was difficult to get into the classes of Westminster College, and rejoiced to see a revival of that old interest in Union College. He advised for the present college a Summer session for graduates, led by nationally-known theological professors. He said the need for this arose from the fact that so many ministers today felt themselves inadequately equipped to meet current ministerial problems. He quoted Lawrence of Arabia as saying that the conquering of that country would not be by the sword, but by preaching. Though he wished in no way to deprecate the social gospel, he submitted that the important thing was still individual conversion. Rev. Dr. J. G. Brown, principal of Union College, drew attention to the fellowship awarded by the Royal Geographical Society to Mr. Burnett, a member of the Alumni Association, and congratulated Mr. Burnett. He likewise congratulated Dr. H. R. Trumpp, of the Anglican College in Vancouver, on his recent elevation to the principality there. After the addresses, the association held its annual business meeting.

## IN HOSPITAL AFTER COLLISION WITH TRUCK

VANCOUVER, May 21 (C)—Miss Rose Lansdowne, thirty-two, was taken to the General Hospital with numerous fractured ribs and possible internal injuries last night after being knocked from her bicycle by a heavy truck at an intersection on the outskirts of the city. Hospital attaches said her condition was only fair.

## Drop Shown In Figures For Relief

An indication of improved business conditions and more employment is contained in the April relief department report presented yesterday to Mayor Andrew McGeavin by E. G. Snowden, relief officer. Figures show that relief from January to the end of April cost \$18,389.21 less than during the corresponding period in 1936. Single men and women were assisted to the extent of \$20,959.52 from January to April in 1936, and \$23,516.87 for the corresponding period this year. The increase was \$2,557.35. Married units received \$116,988.24 from January to April in 1936, and \$96,041.68 for the corresponding period this year. The decrease was \$20,946.56. In subtracting the increase in care of single cases from the decrease in married units, a net decrease of \$18,389.21 in relief costs is obtained.

## BUILDING PERMITS

A \$2,500 permit to construct a five-room dwelling for Frank Crocker at 54 Boyd Street was taken out at the City Hall yesterday by Victor Leigh. Robert J. Porter secured a \$500 permit to alter a building at 720 View Street for Francis Battery & Tire Service Company.

## BEN BERNIE ON CAPITOL SCREEN

"The Old Maestro" of the Air Waves Stars With Alice Faye in "Wake Up and Live"

The "old maestro," Ben Bernie himself, in his loudly acclaimed picture, "Wake Up and Live," with one of the most outstanding casts of comedians on record, comes to the Capitol Theatre today. The picture stars the famous "wisecrackers" and "enemies" of the air, Bernie and Walter Winchell. For the first time the two stars of the air waves stage their feud face to face. Supporting them are Alice Faye, Ned Sparks, Patsy Kelly and Jack Haley. "Wake Up and Live" tells a modern, up-to-the-minute story, with nine smash-hit tunes composed by the top-notch song writers, Gordon and Revel. They are all hitting, toe-tapping melodies.

## ASTAIRE-ROGERS FILM TO SHOW AT CAPITOL

A taperschorean romance between a famous ballet dancer and an international revue artiste forms the theme of "Shall We Dance," latest of the Fred Astaire-Ginger Rogers musical co-starring films for RKO Radio, coming to the Capitol, Sunday midnight.

Featuring some of the most spectacular dances the two favorites have ever presented, and sparkling with tunes written by George and Ira Gershwin, the new film is said to be the tuneful triumph of the year. Edward Everett Horton, Eric Blore and other favorites are in the featured cast.

## WANTS TO SEE EMPIRE TROOPS

Demand Persists in London For Formal March of Visiting Units

LONDON, May 21 (C)—London wants to see more of the Empire troops, here for the Coronation. The press persists in its demands for a formal march through London streets. Important bodies, such as the Royal Empire Society, the Overseas League and the British Empire League, are taking up the matter.

Letters to the editors of newspapers urge another appearance by the Empire contingents. One letter on the subject, published in the Telegraph today, was signed by Field-Marshal Lord Milne, Sir Philip Chetwode and Sir Claud Jacob.

## MEN ARE HOLIDAYING

Difficulties stand in the way of such a march, however. For one thing, most of the men are now holidaying in various parts of the country and do not wish to return to London until immediately before sailing for home.

Londoners claim they have not had ample opportunity of seeing these men from the Empire. In the Coronation procession they held a secondary position to United Kingdom units, and their only other formal appearance—the march to Buckingham Palace to receive Coronation medals from the King—was extremely brief.

## Halibut Treaty Regulations In Effect for 1938

The British Columbia Fisheries Branch announced yesterday. Copies of the new regulations may be seen on application to the branch. George J. Alexander, deputy commissioner, advised.

## URGES NEED FOR REFORM

Executive of John Howard Society Would Inaugurate Borstal System

The hope that British Columbia would be the first province in the Dominion to inaugurate the Borstal system was voiced by Rev. J. D. Hobden, Vancouver, executive secretary of the John Howard Society, at the annual meeting of the Victoria branch, held Thursday evening in Memorial Hall.

As a nucleus of a provincial unit, he suggested the older boys in the Industrial School, and the younger boys in Oakalla Prison, now segregated from the usual prisoners, but in a poor environment, be placed under special house-masters, chosen for their aptitude and ability. "That is what is done in Great Britain with such wonderful results. There the masters are chosen not for their political affiliations, but for their ability. There they have a system which follows the boys from the time they leave the institution until after they are rehabilitated," he said.

## SEVERITY OF PRISON

Mr. Hobden maintained no boy or girl should be sent to a penal institution until such time as the entire resources of the community are exhausted. "I am convinced," he said, "that from the viewpoint of society, there is no penalty more severe than a prison sentence. I hope there will be a time when there is greater use made of the psychologist and psychiatrist, and that, in any case, the prison will be used more as a hospital than a place for punishment." He suggested that many youngsters should be put on one of the many gulfs islands, and that a training ship be utilized where a trade might be properly taught with up-to-date machinery.

## HUMANITY JUSTICE

In describing a more modern and humane type of justice, Magistrate Hall pointed out that there existed something that was higher than justice itself, and he said, "It is for that which the John Howard Society stands. Whatever your work—the rehabilitation of the discharged prisoner, preventive work or prison reform, you can always know that in what you do, you are applying this principle."

H. G. Wyatt, honorary secretary, in submitting his report, spoke of the fine work done by Dean C. S. Quainton, president of the Victoria branch, and outlined the history of the local organization. He described a John Howard case as "one in which the individual is incapacitated by reason of a prison sentence recently served from obtaining employment and rehabilitating himself in society." Such a definition was used in its broadest sense, he pointed out.

## FINANCES SOUND

The report of Walter S. Miles, honorary treasurer, showed that \$297.02 had been raised by donations, subscriptions and miscellaneous gifts, that \$294.84 were proceeds from the tag day conducted under the auspices of the Ladies' Aid, and that after all expenses had been paid, there remained a balance of \$163.44. Names of the board of directors for the ensuing year, submitted by a nominating committee, were endorsed by the meeting. These are: Miss L. Bowron, Miss E. Grubb, Mrs. W. E. Mitchell, Dr. D. M. Baillie, Rev. E. F. Church, Rev. P. Conley, W. M. Hotham, Walter S. Miles, Rev. G. R. V. Bolster, J. B. Clearhues, K.C., honorary solicitor, and H. G. Wyatt, honorary secretary-treasurer. Arrangements have been completed for full cooperation between the Boy Scouts of Victoria district and the relief office for the collection of wearing apparel. Upon telephoning Garden 8104, sacks will be left in which to place contributions. A baby's high chair is also needed by the relief department.

## Moved Too Near The Tiger's Cage

ST. JOSEPH, Mo., May 21 (C)—While 3,000 spectators screamed, a tiger at an indoor circus reached out at H. G. Getchell, eighty-one, when he moved too near the cage last night and clawed the man severely before attendants drove the animal back with ten shots from pistols.

## COMPLETE TIE-UP NOT POSSIBILITY

Tramway and Trolley-Bus Employees in London Unanimous Against Sympathy Strike

LONDON, May 21 (CP-Havas).—Possibility of a complete London transportation tie-up, resulting from the motorbus strike, vanished last night after tramway and trolley-bus employees voted unanimously, through delegates, against a sympathy walkout.

The bus strike, called at midnight on April 30, affects 25,000 workers, with more than 5,000 buses idle. The workers demanded a seven and a half hour day, charging longer hours of work were wearing them out physically and mentally. A court of inquiry's preliminary report was generally in favor of the employees, although it refused to rule on the seven and a half hour day. No immediate settlement was in sight.

## TIMELY TOPICS ARE DEALT WITH

Victoria Real Estate Board met in Spencer's dining-room on Thursday when various members were called upon to deal with such subjects as they saw fit to present to the membership.

J. C. Bridgman stressed the importance of care being exercised in the selection of tenants for the houses that were leased. In the Old Country a renter had to produce references of his ability to pay and of being one who would take proper care of the premises. It might be

wise to introduce the practice here, he thought.

Major H. C. Holmes advocated something along the lines of the National Trust for the preservation in this country of properties and sites that it would be desirable to maintain. In the Old Land the National Trust had set aside many places and had made them self-supporting by requiring payment for inspection. If such existed here, the Barnum timber would have been saved.

W. C. Warner dealt with the question of the constitution, and set out that a very careful study might well be made as to whether there should be a revision of the constitution of Canada, which was embodied in the B.N.A. Act and the Statute of Westminster.

## GOVERNMENT UNDER FIRE

Oak Bay Electors Hear Criticisms by Four Conservative Candidates

Criticism of the Liberal Administration, and an outline of what the Conservative party would endeavor to do, if it is returned to power in the forthcoming election, was voiced last evening by the four Conservative candidates running in Victoria City—B. A. McKelvie, Herbert Anson, Fred Willis and Ald. Dr. J. D. Hunter, at a meeting held in St. Mary's Church Hall, Oak Bay, Brigadier J. Sutherland Brown, D.S.O. was chairman.

"Why weep for Ethiopia, when practically the same thing is about to happen to the Yukon?" asked Mr. McKelvie, attacking Premier Pattullo's project to fuse the territory with this province. He maintained that if the Premier had his way, the people of the Yukon would not be given an opportunity to express an opinion as to whether they should join British Columbia or not, and asserted that was not in keeping with the principles of democracy.

The speaker declared the Liberals' feminine candidate was "running on an appeal to sex" and criticized her suggestion that "political promises, like pie crust, are made only to be broken."

"That does not elevate public life," he commented.

**DISCUSSES OPPONENTS**

Mr. McKelvie maintained Hon. John Hart objected to criticism of his record; commented that Byron Johnston would add to the public debt by building sports stadiums, and would start a trade war with the rest of Canada, and suggested he did not know anything about Ald. Strath's programme. "I don't think Ald. Strath does, either," he said.

He deplored the manner in which the natural resources of the province were being depleted, quoting H. R. MacMillan, well-known lumberman, that the timber resources of British Columbia would be gone in fifteen years, and concluded by an appeal to his audience to return Conservative candidates so that economies might be instituted to protect those industries for the coming generation.

Conservatives were not opposed to reform, Mr. Willis declared, in pointing out that the aim of the party was to conserve and to maintain the traditions of honesty, integrity and democracy in government.

**MILLSTONE OF DEBT**

Mr. Willis disagreed with the Premier that constitutional change was the chief factor in the election, maintaining that should such changes come about, they would be made by constitutional means. He, too, appealed to the electorate to protect the coming generation, something that could not be done, he said, unless the terrible millstone of debt about the necks of the people was thrown off.

"The present health insurance scheme should be buried forever," asserted Dr. Hunter, in warning his listeners that if the plebiscite on the question was endorsed, they would be giving the Government a blank cheque. He declared that the most important plank in the Conservative platform was "Economy," and stated that if the party were returned to office, they would put an end to patronage practised on the roadwork of the province. He also commented briefly upon social service costs.

**SMALLER CABINET**

A decrease in the number of members in the Legislature and in the Cabinet, if the Conservatives were returned, was forecast by Herbert Anson, who criticized the extravagance of the Liberals in creating a coal commission that had not yet

## C.C.F. LEADER GIVES SPEECH IN ESQUIMALT

J. S. Woodsworth, Commonwealth Leader, Speaks in Support of Candidate

SAYS BIG BUSINESS CONTROLS DOMINION

Federal matters and the broader issues of Canadian politics, coupled with the charge that governments were more or less controlled by big business, resulting in legislation that gave rights and privileges to corporations and industries, formed the major part of a short address by J. S. Woodsworth, M.P., Winnipeg, and national leader of the C.C.F., at a meeting last night in Queen of Peace Church Hall, Esquimalt, in support of the candidature of Don Smith.

After reviewing the history of the origin of the C.C.F. movement in Canada, Mr. Woodsworth said he did not think the two old line parties were making a very good job of governing. Governments in Canada, he stated, were very largely controlled by big business. He mentioned that, at one time or another, some 200 railway projects had been started in Canada and had later been merged in the two great systems of today. "And now you have Mr. Reilly saying there should be only one. Of course he wants both run by the C.P.R. We think the two should be merged as a national undertaking and not controlled by private interests," he remarked.

**GOVERNMENT FINANCE**

Dealing briefly with government finances, Mr. Woodsworth said there was nothing but debt and budgets being balanced by continued borrowing. "Even Mr. Pattullo seems proud of the fact that he can go to Ottawa and borrow. The interest charges are continually growing and, personally, I don't think all interest charges will ever be paid. It is going to be a very hard job to get out of this mess. Are we going to allow the system to go on? Control is in the hands of a very small group and the C.C.F. believes, and rightly too, that it can take over things and run them as they should be run." Mr. Woodsworth here intimated it might be well to consider increased taxation on big corporations.

**CORPORATION PROFITS**

The leader quoted a number of illustrations from a report of the Price Spreads Commission to show what profits had been made by large corporations and what wages had been paid to labor. He claimed there was no justification for the conditions indicated by the commission's report. "Nothing has been done about abuses shown in that report. It is about time we did something about it, and people all across Canada are thinking the same way," the speaker remarked.

Mr. Woodsworth mentioned New Zealand, under a Labor Government as an example, he said, of what can be done by the people who have the power to elect governments. The C.C.F. is not going to change things in a short time. It's going to be a hard job, but it will come eventually.

Don Smith, Esquimalt C.C.F. nominee, issued a challenge to R. H. Pooley, K.C., to debate the issues of the campaign "on any platform in any parish in Esquimalt on any date he will mention. I issue that challenge, to Mr. Pooley, and now we will wait and see if he accepts."

Concerning a statement alleged to have been published in a Vancouver paper stating that Mr. Smith was being supported in the present campaign by Rev. Robert Connell, B.C. Constructive Party candidate in Victoria and former leader of the C.C.F., Mr. Smith declared the statement came from a member of Mr. Connell's own organization. Mr. Pooley, he said, had stated the assertion of support was a lie. "Mr. Pooley should have looked into the facts of the case before making his statement, and if Mr. Connell is sincere, he should be very careful about making telephone statements to politicians," Mr. Smith asserted.

The candidate further said there should be a law "making it imperative in any campaign for all candidates to appear on the same platform. In that way we could get at the heart of all our problems."

**CAMPAIGN FUNDS**

Concerning campaign funds, Mr. Smith stated he had been told, while in Vancouver recently, that "the Liberals are spending \$2,300 a week on the radio." He said large advertisements were appearing daily in Vancouver papers. "I wonder where all the money is coming from. I am certain it is not coming from the people," he said.

Joseph Round and James J. Walker paid tribute to the qualities of the candidate for the C.C.F., Mr. Round reviewed, at some length, the apparent failure of the capitalist system to operate at efficiency, and intimated what could be done by a C.C.F. Government policy. Charles Hunt was chairman.

## School Children Take Part in Celebrations

Dean Quanton Gives Address on Queen Victoria  
—I.O.D.E. Standards Displayed in Parliament Square at Empire Day Service

With perfect weather conditions, Empire Day was fittingly observed in the city yesterday morning. Under auspices of the I.O.D.E., with whom the school authorities of

Greater Victoria co-operated to the fullest, the ceremonies in Parliament Square were colorful and patriotic in character.

Dean C. S. Quanton, the speaker, paid a great tribute to Queen Victoria. Addressing himself to the fifteen hundred school children who occupied the steps of the buildings, the Dean recalled some of the changes that had taken place since Queen Victoria ascended the throne in 1837.

At that time, there were no stockless girls, no girls smoking cigarettes, and many other changes were referred to. The Dean spoke of the wonderful results attained by radio, which had brought all the world into close touch with the events taking place recently in London.

### WAS GREAT QUEEN

Reverting to Victoria, who had been not only a good Queen, but also a great Queen, the speaker made reference to her courageous character. When the assurance at a critical time in the South African War was sent by Lord Balfour to Buckingham Palace informing the Queen that all might be well, the Queen had returned the reply that Lord Balfour would be pleased to know that no one was depressed in Buckingham Palace.

Closing his address with an admonition to the children not to forget that "your King and your country need you," Dean Quanton hoped that the ideals that had made the British people what they were would not be forgotten.

The I.O.D.E. was well represented by Mrs. William Ellis, regent of the Municipal Chapter, in charge. The Provincial Chapter was represented by Mrs. P. E. Corby.

### I.O.D.E. TAKES PART

The standard bearers of the I.O.D.E. took up their positions at the monument to Queen Victoria, and on the sounding of the bugle they marched to positions in front of the buildings through lines of uniformed Sea Cadets, School Cadets, Girl Guides, Brownies and Cubs, who lined both sides of the walk.

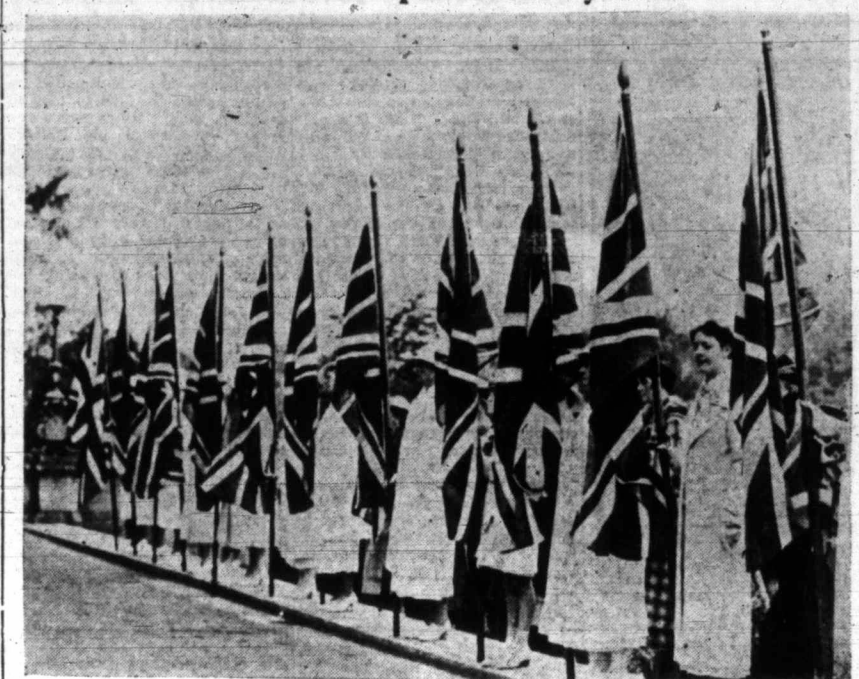

The junior boys' band drawn from the schools under the charge of G. H. E. Green led the music. There were song to band accompaniment—"O Canada," "Land of Our Birth," "O God, Our Help in Ages Past," concluding with "God Save the King."

An effective feature of the ceremony was the marching of little flower girls, who carried from the various schools bouquets which were placed at the base of the Queen Victoria monument.

George H. Deane, municipal school inspector for the city, and principals and teachers from Greater Victoria schools were in attendance, with Principal W. H. Muncey leading the singing, Major A. C. Hinton in charge of the cadets, W. H. Wilson acting as marshal, and Miss A. M. Patterson in charge of the flower girls.

On duty at the monument were representatives of the School Cadets, the Sea Cadets, the Girl Guides and the Junior I.O.D.E.

## Big Crowd Present at W.A. Dance

The dance held last evening in the Brentwood Badminton Club Hall was an outstanding success and was attended by approximately 400 dancers, including a large number from Victoria and Bamerton, as well as from various parts of the Saanich Peninsula.

The affair was held under the auspices of the Junior Women's Auxiliary of the Jubilee Hospital, the members of which had worked hard with preliminary arrangements in order that it should be a success from every point of view.

### GAY DECORATIONS

Under the direction of Mrs. H. N. Lay and Miss Elizabeth Muttibury, the hall had been elaborately decorated for the occasion, the walls bedecked with flags and the balconies draped with red, white and blue bunting. In front of the orchestra platform, where a five-piece orchestra supplied an excellent programme of dance music, a bank of flowers and ferns had been placed, with a large gold crown as the centre, thus carrying out the Coronation motif.

Supper was served in the dining hall, the long tables attractive with bowls of tulips, bluebells and bridal wreath. Mrs. Leslie Aylard was the convener of the supper arrangements and was assisted by an energetic committee.

### SPECIAL NUMBER

Mrs. K. R. F. Denniston was general convener of the dance, and assisted the president, Mrs. C. A. Watson, in welcoming the guests. Mrs. Peter Barr had charge of the tickets, and the advertising for the party had been under the supervision of Miss Marcia Prior and Miss Betty Christie.

The highlight of the dance programme was the special number by Miss Wynne Shaw and Miss Phyllis Addison, of the Russian Ballet School, who danced the "Tarantelle," with Miss Margery Benson as vocal soloist. The number was exceptionally tuneful and pretty and called forth enthusiastic applause from the spectators.

As a result of the dance, a substantial addition will be made to the auxiliary's funds for carrying on its social service programme.

### CHAPTER LVII

Martha said to Enid, "I've let the servants take an evening off. I'll take your wraps, darling. No, it doesn't matter in the least that you are late. Time tonight is of no importance whatever."

"We were hemmed in behind three wrecked, interlocked cars," Enid said. "I've never seen such an accident before. Is Anthony at home?"

Martha disposed of Enid's things, came back, smiling. "No, but I expect him shortly. He had to attend a committee meeting at one of his clubs. They never keep him more than an hour or two. He's such a home-loving man, you know."

Something checked Enid's impulse to look up into those wide, bulging eyes. Such a statement from Martha was so blatantly insincere. And then she was the lonely figure in the big living-room, a young woman of perhaps twenty-five, sitting with a certain tenseness in her posture, her hands tightly clasped in her lap, so obviously ill at ease that Enid instantly felt sorry for her.

Martha introduced them. "This is Miss Roberts, Enid—Mrs. Brooke, Miss Roberts. You two should be the best of friends; you have so much in common."

"Indeed?" Enid said, and sank into a chair facing the younger woman. Martha went over to turn on the radio and Fannie Roberts asked, quickly, "Are you Sandra's mother?"

"Why, yes," Enid said, surprised. "Do you know Sandra?"

Fannie nodded. "We shared the same apartment when she was working on the radio. I'm very fond of her. And then her troubled eyes looked directly into Enid's. 'I don't know why she's dragged you into this, Mrs. Brooke, but—' and fell silent as Martha came back with something in her hand which looked to Enid like one of Ghet's lengthy briefs.

Martha said, "If you don't mind, I'll sit down where I can look at you both." She sat down, dropped the sheaf of papers in her lap and looked at the glittering small watch on her wrist.

Her eyes still fixed on Fannie Roberts' pale face, Enid wondered what the girl had meant. "I don't know why she's dragged you into this, Mrs. Brooke."

She turned to look at Martha, found Martha's intent, penetrating gaze full upon her.

Martha glanced at her watch again. "My darling husband may arrive at any moment now and—well, there are certain preliminaries to be gotten out of the way before he comes." Her smile dripped saccharine as she looked from one to the other, and Enid thought, "I should demand to know why I am here, why this girl is here." She had known Martha too long to be disturbed by her eyes, but she was prepared to admit they had taken on a new quality tonight, a sly, sinister quality.

Then Martha was speaking, her eyes moving up and down as she turned page after page of the detective's report:

"I have here a very interesting document prepared at my request and expense by two gentlemen who call themselves 'private investigators.' If we had more time, I would read you some portions of it so that you might realize the conscientious thoroughness with which these private investigators have done their job. Take this little excerpt, for example—"

A buzzing sound came to Enid's ears. She saw Martha look up, frowning.

"Was that the radio?" Martha asked.

Neither Enid nor Fannie Roberts answered.

"Now, listen to this, if you will," Martha resumed, smiling once more: "Came out of office one-fifteen, bought paper at second corner, walking west. Entered Blackstone

Club. Went directly to dining-room. Sat at small table near window. Alone. Ordered small steak, French-fried potatoes, green peas, whole-wheat bread and black coffee. Read while he ate. Smoked a cigar. Left club two-twenty. Returned to office without stopping." Martha looked up, fixed her eyes on Enid.

"You can understand that after following a person around for twenty-four hours a day for weeks, these detectives can tell you just about how that person has spent his time."

Again that buzzing, and this time not, they all knew from the radio. Martha rose. She said, "Do you suppose Anthony forgot his key?" She saw Enid getting to her feet, said, quickly, "Oh, my dear, the party isn't over. It's only starting."

"I'm sorry, Martha," Enid said, firmly. "I'm afraid I haven't the necessary sense of humor to enjoy your 'little programme.' She had passed Martha and was moving towards the door when Fannie Roberts' sharp cry stopped her.

"Mrs. Brooke—wait!" Enid turned, slowly, saw the pistol in Martha Ansell's right hand—saw, too, the wild, determined glare in Martha's eyes.

## CITY IN DANGER WHEN OIL TANKS EXPLODE

HUNTINGTON BEACH, Calif., May 21 (AP).—Residences in a two-block area of this city were threatened last evening by fire that destroyed two oil derricks. The 500-barrel oil tanks exploded, throwing burning oil a distance of two blocks.

Flames fanned by a stiff breeze swept into several acres of hay land toward another residential section, but were checked before they did material damage.

## "Soul and Body" to Be Subject

"Soul and Body" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday. The golden text is: "Rejoice the soul of thy servant: for unto Thee, O Lord, do I lift up my soul" (Psalms lxxvi, 4).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Therefore we are always confident, knowing that, whilst we are at home in the body, we are absent from the Lord" (II Cor. vi, 6).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Become conscious for a single moment that Life and intelligence are purely spiritual—neither in nor out of matter—and the body will then utter no complaints. If suffering from a belief in sickness, you will find yourself suddenly well. Sorrow is turned into joy when the body is controlled by spiritual Life, Truth, and Love."

## IL DUCE'S PLANS TO BE DISCUSSED

"The Empire and Mussolini's Challenge" Theme of E. E. Richards' Monday Evening Lecture

An address on "The Empire and Mussolini's Challenge" will be given by E. E. Richards on Monday at 8 o'clock in the Campbell Building.

Mr. Richards will review the latest phases of the great power and strategy being built up in the Mediterranean by Mussolini and his declared purpose to resuscitate the old Roman Empire, and, according to appearances, the Holy Roman Empire.

The lecturer will appeal to his audience to note that a tremendous challenge is deliberately being made to the British Empire and to Christianity by the powers represented in this new Caesar and would-be dictator; hence Britain's rearmament and Empire Conference. The light of prophecy will be brought to bear on the subject.

## CONFERENCE WILL SUPPLY PREACHER

Emmanuel Baptist to Have Guest—Morning, Dr. Imrie, "Nothing Too Hard for God"

At the Emmanuel Baptist Church this Lord's Day morning, the pastor, Dr. Andrew S. Imrie, will give a special address of hope to the believers on "Nothing Too Hard for God."

At the evening service, the congregation of Emmanuel will welcome to its pulpit as guest preacher one of the visiting ministers to the United Church Conference.

At the evening service the choir will sing "Show Me Thy Ways O Lord" (Varley Roberts), with tenor solo by James Oakman. Norman L. Maynard will also sing at the evening service. The morning anthem will be "Still, Still With Thee" (Thompson).

Almost all the Protestant colleges and universities in the United States, according to The New Outlook, require courses in the Bible for graduation. The Roman Catholic institutions require similar courses in religion. Professor William Lyon Phelps, of Yale University, is stated to have said that a knowledge of the Bible without a college course is more valuable than a college course without the knowledge of the Bible.

## OCEAN WATER IS PUZZLING

U.S. Cutter Commander Will Try and Solve One Of Pacific's Secrets

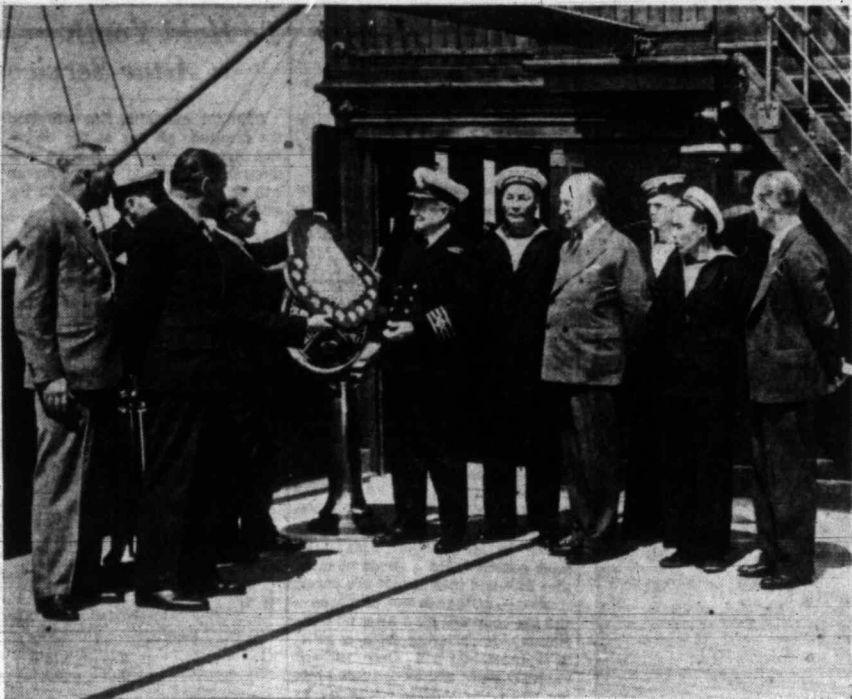

SEATTLE, May 21 (AP).—The United States coast guard cutter Northland was posted to sail late today for Arctic regions, including St. Lawrence Bay, which Commander F. A. Zeisler described as "one place in the world where money means so little it's strewn in the streets."

But it is not to see coins dropped in the sand and forgotten that the scientific-minded seadog plans to revisit the strictly-guarded settlement on the desolate Siberian coast.

He has the Russian Ambassador's approval, and awaits confirmation from Moscow, that he may correlate his oceanographic studies with those of distinguished Soviet scientists who, like Zeisler, seek to solve the puzzle of what happens to Pacific Ocean water after it passes through Bering Sea and Bering Strait into the Arctic Ocean.

Zeisler started his study of Far Northern currents and of the plankton—minute vegetable and animal organisms on which fish feed—three years ago aboard the cutter Cheilan. He started them, colleagues say, because he was bored with

## Won Chairman's Shield for the Third Time

—Photograph by Associated Screen News.

For the third time the Canadian Pacific liner Ss. Empress of Japan was awarded the chairman's shield, given annually to the ship in the Pacific fleet showing greatest proficiency in lifeboat, fire and other drills, and in general smartness and seamanship. The shield is being presented by Commander A. H. Reed, Vancouver harbormaster, to Captain L. D. Douglas, master of the liner. In the above group are seen, left to right: C. A. Cotterell, assistant general manager of the Canadian Pacific; Captain E. Aikman, general superintendent steamships; Commander Reed; Captain Douglas; W. M. Neal, vice-president of the Canadian Pacific's Western lines, and J. J. Forster, steamship general passenger agent, Vancouver.

### GOING TO TRY AGAIN

LIVERPOOL, May 21 (AP).—The steamer Marie Llewellyn, one of the first ships to run the Spanish insurgent blockade of Bilbao, was being loaded with grain today for a second dash either to Bilbao or Alicante.

The ship, commanded by Capt. David "Potato" Jones, has a new name—Kelwyne—painted on her prow.

**CRUISE SUCCESSFUL**  
Encouraged by the success of the first around South America cruise of the Rotterdam recently concluded, the Holland-America Line has designated the vessel to cover an extended itinerary over the same route next year, according to an announcement by Royal Mail Lines, Limited, general agents for the Holland-America Line. The Rotterdam will leave New York, February 3, 1938, for a period of sixty-one days, and she will cover 15,000 miles on her journey. Travelers on this cruise will experience the thrill of visiting the southernmost part of South America in a luxurious Dutch liner, far different from the vessels in which, in 1616, the intrepid Dutch navigator Scouter van Horn first rounded the cape which bears his name.

**ROYAL MAIL SHIPS**  
Adam P. Moffatt, Victoria representative of Royal Mail Lines, stated yesterday that there would be two ships of the company calling here next week. The first one to arrive will be the Lochkatrine, bringing 200 tons of general cargo for this port, and the second one the Lochmonar, which has over 500 tons of freight for discharge here. The Lochkatrine will be in on Wednesday and the Lochmonar on Friday. Both ships will take on substantial shipments of local products for the homeward bound passage before continuing to Mainland ports.

## Delegate Reports Union Will Send Organizer to B.C.

VANCOUVER, May 21 (AP).—George H. Brown, Vancouver delegate to the International Longshoremen's Association in Seattle this week, said here today the I.L.A. would send a full-time organizer to British Columbia.

Brown said if the organizer was not permitted to remain in Vancouver permanently, a local man would be appointed to take his place. He declared the Pacific Coast district of the Longshoremen's organization was "determined to exert every effort" to establish the association on a firm footing in this province.

## DISAGREES WITH EXHAUST THEORY

Dirigible Expert Tells Board Impossible to Set Airship on Fire With Spark

LAKEHURST, N.J., May 21 (AP).—Dr. Ludwig Duerr, chief construction director of the Hindenburg, told the United States Department of Commerce investigating board today it was impossible to set a dirigible on fire by engine sparks. His testimony struck a blow at the theory that sparks flying from the Hindenburg's motor exhausts somehow ignited the ship's highly inflammable hydrogen and caused the May 6 disaster which took thirty-six lives.

Dr. Duerr has supervised design of every dirigible built in Germany in the last thirty-eight years.

## VENTURESOME VOYAGE ENDED

Small Yawl Arrived at Port Angeles Thirty-One Days From Honolulu

PORT ANGELES, May 21 (AP).—On April 18 two young men and a girl left Honolulu in a thirty-five-foot yawl, telling friends they planned a month's cruise about the Hawaiian Islands.

Instead, they pointed the bow of their little craft, the Teal, to open sea toward Puget Sound. This morning the trio—Roy P. Durhack, Francis L. Langdon and Neva Hedden—moored their yawl in the port boat haven here, having completed the trans-Pacific crossing in the speedy time of thirty-one days from Honolulu to Cape Flattery, despite stormy weather.

They encountered three storms on the way, one particularly severe blow breaking three stays on their mast and causing considerable worry for two or three days.

## CONFERRED ON LEASED LANDS

Delegation of Harbor Officials Met Mayor Miller Of Vancouver

VANCOUVER, May 21 (AP).—A delegation of harbor officials, headed by R. O. Campney, chairman of the National Board, today conferred with Mayor G. C. Miller regarding civic taxation of leased crown-granted lands in Vancouver.

A special committee, comprising council members and harbor officials, has been investigating the situation for some time.

Mr. Campney said the national board would discuss provision of adequate fireboat protection for Vancouver waterfront. There has been no fireboat in the harbor since the fireboat Phylus was condemned early this year.

Mariners are advised that the Black Spar buoy, No. 13, marking Passage Rock, Nanaimo Harbor, is reported dragged from position.

## Little Stories for Bedtime

### Paddy Beaver Working Hard

By THORNTON W. BURGESS

Work, work all the night  
While the stars are shining bright;  
Work, work all the day  
I have got no time to play.

This little rhyme Paddy the Beaver made up as he toiled at the building of the dam which was to make the pond he so much desired deep in the Green Forest. Of course, it wasn't quite true, that about working all night and all day. No-body could do that, you know, and keep it up. Everybody has to rest and sleep. Yes, and everybody has to play a little to be at his best. So it wasn't quite true that Paddy worked all day after working all night. But it was true that Paddy had no time to play. He had got too much to do. He had had his playtime during the long Summer

and now he had got to get ready for the long cold Winter. Now, of all the little workers in the Green Forest, on the Green Meadows, and in the Smiling Pool none can compare with Paddy the Beaver, not even his cousin Jerry Muskrat. Happy Jack Squirrel and Striped Chipmunk store up food for the long cold months when rough Brother North Wind and Jack Frost rule, and Jerry Muskrat builds a fine house wherein to keep warm and comfortable, but all this is as nothing to the work of Paddy the Beaver as you shall see. As I said before Paddy had had a long playtime through the Summer. He had wandered up and down the Laughing Brook. He had followed it way up to the place where it started. And all the time

That Work Was the Cutting of a Great Number of Trees

he had been studying and studying to make sure that he wanted to stay in the Green Forest. In the first place he had to be sure that there was plenty of the kind of food that he likes. Then he had to be equally sure that he could make a pond close by where this particular food grew. Last of all he had to satisfy himself that if he

could make a pond and build a home he would be reasonably safe in it. And all these things he had done in his playtime. Now he was ready to go to work, and when Paddy begins work he sticks to it until it is finished. He says that is the only way to do to succeed, and you know and I know that he is right. Now Paddy the Beaver can see at night just as Reddy Fox and Peter Rabbit and Bobby Coon can, and he likes the night best because he feels safest then. But he can see in the daytime too, and when he feels that he is perfectly safe and no one is watching he works then, too. Of course the first thing to do was to build a dam across the Laughing Brook to make the pond he so much needed. He chose a low open place deep in the Green Forest around the edge of which grew many young poplar trees, the bark of which is his favorite food, and through the middle of this flowed the Laughing Brook. At the lower edge was just the place for a dam. It would not have to be very long and when it was finished and the water was stopped in the

Laughing Brook it would just have to flow over the low open place and make a pond there. Paddy's eyes twinkled when he saw it. It was right then that he had made up his mind to stay in the Green Forest. So now that he was ready to begin work he went up the Laughing Brook to a place where alders and willows grew and there he began work, and that work was the cutting of a great number of trees by means of his great front teeth, which were given him for just this purpose. And as he worked Paddy was happy, for one can never be truly happy who does no work.

Next story: Building the Dam.

## LADYSMITH SURVEY NEARLY COMPLETED

LADYSMITH, May 21.—An interim report on his progress in surveying the city was submitted by A. G. King, B.C.L.S., before the city council Wednesday evening. Survey monuments have been established at various points, so that true lines can now be given with the minimum of trouble and cost.

A variation from the true line was discovered on First Avenue, and a similar condition was found on Fourth Avenue. Mr. King will check up with the registered plan at Victoria, and, when the necessary adjustments are made, the new plans will be completed. Angry Wife (to husband who has come home with the milk): "What are you coming home at this time in the morning for?" Merry Hubby: "Breakfast."

### Restless Nights - Peppless Days

Take the Joy Out of Life

The potent cause lies in the hurried life we lead, in the extreme nervous tension and fever heat with which we follow in the pursuit of wealth, position and pleasure. Late hours, want of necessary rest, excessive mental or physical exertion all put a strain on the system it is unable to withstand. No wonder then you pass restless nights and get up in the morning with no ambition to go about your daily tasks. Take Milburn's H. & N. Pills and see what they will do for you.

## Indians Remain in First Position in American Ball Loop

Cleveland Beats Out Washington to Stay in Front Of Yankees and Philadelphia—Boston Bees Defeat Pirates—Cubs Turn Back Giants

### AMERICAN LEAGUE

WASHINGTON, May 21 (AP).—The Cleveland Indians protected their slim American League lead over Philadelphia and New York here today with a 7 to 5 triumph over Washington.

Earl Whitehill, the veteran southpaw Cleveland obtained in a deal with Washington last winter, held his former mates pretty well in check except for a bad fourth inning, but was removed in the eighth when he weakened and Heving went in to save an early lead.

Jimmy Deshong, shooting for his fifth straight victory, was knocked out in the seventh, and Cohen finished the game.

In the first Heath and Averill hit successive triples and Solters drove Averill home with a long fly.

An error, a misplaced fly by Chapman and a single brought the Indians a pair of runs in the fourth. Heath's second triple of the day pushed across two more runs in the seventh, and final Indian tally came in the eighth when Solters doubled and Hale singled.

Lewis started off Washington's big fourth inning with a home run over the right field fence.

NEW YORK, May 21 (AP).—After failing dismally with the bases loaded two innings earlier, Bill Dickey slapped a single with two out in the eleventh inning today to drive in the winning run as the Yankees topped the St. Louis Browns, 4 to 3, (11 innings).

Caster Shows Class

PHILADELPHIA, May 21 (AP).—Wally Moses' homer in the sixth with Bill Werber on base, coupled with George Caster's four-hit pitching, gave the Athletics their third straight victory over the Chicago White Sox today, 4 to 3.

Caster, a twenty-eight-year-old rookie from Portland, Ore., was in great form in chalking up his fourth victory of the season. He pitched hitless ball until singles by Radchiff, Walker and Bonura, plus a force-out gave the Sox two runs in the fourth.

Danny MacFayden pitched an eight-inning game and had no trouble holding the home club in check after the second inning with the aid of some fast play by infielders Tony Cucinello and Rabbit Warbler.

Wally Berger found Joe Bowman's pitching to his liking, and in the first four innings accounted for enough runs to win with two doubles and a triple. Gene Moore duplicated that hitting record and drove in two runs. Berger's triple sent Bowman to the showers and his first defeat of the season. Wait Hoyt succeeded him and did well enough until he was yanked for a pinch hitter. Mace Brown, the next hurler for the Pirates, went bad in the ninth and was rescued by Russell Bauers. INSCRIPTION OF THIS STRANGE STATUE ON THE GRAVE OF FRANCIS II WHO WAS COMPELLED TO RENOUNCE THE IMPERIAL CROWN OF GERMANY 1806

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

A Moss of Potage—Among the curious coronation services rendered in lieu of rent for large land grants, none is more curious than that rendered to the King as the parish of Addington, Surrey, England.

This rent consists of a moss of potage called dillogrout, which the owner of Addington is obliged to serve to the King in a new earthen jar during the coronation. The tenure dates back to 1447, when the King of England granted Addington to the fifth Earl of Shrewsbury. Dillogrout consists of a mixture of almond milk, capon, sugar and spices.

The Social Weaver Bird—This bird (Phileteorus socius) of Africa builds gigantic mushroom-shaped nests, accommodating from 100-200 pairs. This compound nest is not unlike a gigantic umbrella, consisting of a great straw roof, and is entered from below.

Carries Off Major Award and Junior Cup in Fine Display—Sir James Douglas Captures Senior Laurels—Oaklands School Regains Tug-Of-War Championship—3,000 Attend

Girl and boy athletes from Quadra School won the lion's share of the honors at the annual Victoria Public School sports meet staged yesterday afternoon at the Willows Park, when they captured the grand aggregate and junior trophies.

Quadra gained twenty-nine points, thirteen in the senior competition, enough to take the major award, the aggregate championship. Their total in the junior division was two in excess of the number gained by Victoria West, who finished second. Oaklands was third with five points.

Sir James Douglas nosed out Oaklands by a single point in the senior competition when they amassed twenty-three points. Dick Alexander literally won the coveted honors for Sir James Douglas when he took third place in the open bicycle race and gained the one-point margin of victory for his school. It was the last event on the lengthy programme.

**REGAINS CHAMPIONSHIP**  
Oaklands School tug-of-war team regained the championship and the silverware when they defeated Quadra, the defending cup-holders, in straight pull. Former holders of the cup, Oaklands had little trouble in winning the final. Approximately 3,000 fans, comprising non-competing students, parents and teachers, witnessed the meet, which was ably handled and run off in record time. From the start of the first race promptly at 2 o'clock until the final event was completed there was not a moment's delay.

Old Sol was in his best behavior all afternoon, and while there was plenty of dust flying from the track the boys and girls staged a grand show and seemed to enjoy every bit of it, dust and all.

W. C. Moreby, K.C., chairman of the City School Board, presented the cups.

## Eighteen to Run In King's Plate In Toronto Today

TORONTO, May 21 (P).—The peal of the bugle tomorrow will bring eighteen crack Ontario-fostered thoroughbreds prancing to the post at Woodbine Park for the seventh annual running of the King's Plate over a mile and a furlong.

The classic of the Canadian turf, worth fifty guineas, dominated by the King, and a \$7,000 added purse, will draw more than 20,000 persons into the picturesque park, nestled on Lake Ontario in Toronto's East End. Cool, clear weather and a good track were forecast.

A pair of chestnut colts, Red Pirate and Goldfire, tonight were called to hook up in the final drive to the wire. But the rest of the field is not being overlooked. Silver Jubilee, Silyat, Aldwych and Golden Silence are tuned to perfection and ready to give their best for a top spot in the historic event.

### BAD BIDDING, GOOD PLAY

Bridge experts usually are not notable for their modesty, and, therefore, when one of them refuses to allow his name to be used in connection with a well-played hand, it is a safe bet that he had a reason for hiding his light under a bushel.

The hand described today was played in the recent Grand National Tournament by a remaining anonymous. I strongly suspect that the reason for this coyness may be found in his own bidding, which hardly can be held up as a model of excellence.

South, dealer.

The bidding:

As I said before, after noting South's jump rebid, I do not wonder that he is not looking for publicity.

His three heart rebid was a terrific stretch. In fact, considering that his partner redoubled, and by so doing, had requested temporary captaincy, South should have passed at this point instead of making any rebid whatsoever. As to West's takeout double of one heart, this obviously was half "psychic." Incidentally, North's bidding was also overly aggressive. He was short about one-half an honor trick for his redouble. It must be admitted that declarer's play went a long way toward justifying his and his partner's bidding.

The opening lead of the club king was allowed to hold the club continuation being won with the ace. The diamond queen was laid down and West refused to cover on the suspicion that the queen had been blank. The queen holding, the ace, king, and queen of hearts, followed, and declarer was pleased with the 3-3 split. At this point the situation was as follows:

Let us doff the new Spring bonnets to Judge H. S. Mott, of Toronto, Ontario.

Judge Mott takes a good healthy swing at the fireside dictators and scores a hit that has them rocking on their heels and crying "foul!"

The feminine wing of the audience is cheering wildly, urging His Honor on to fresh assault, and is laughing at the discomfiture of the petty tyrants who make home a prison instead of a blessed privilege.

"Men who are autocrats in their homes," says Judge Mott, "act that way because they lack the brains to solve problems in a sensible way."

That's telling them off, isn't it?

The home autocrats bluster and bark and boom to fool the family into thinking they are Big Shots when the fact is they are nothing except Peewees who have dressed themselves up in tall hats.

Now that a distinguished jurist has sent the truth home with a ringing blow, those who have been under a tyrant's home rule should take their sense of justice in one hand and their courage in the other and stage a revolution to defeat the pretender.

## SILENCE IS A GOOD WEAPON

One way to win would be by the silent method. Don't argue against harsh or unfair orders. Just ignore them. A tyrant can stand anything better than silent contempt. He can't take it, as you will discover the moment you use this weapon against him.

Dear Miss Dixon: I have been married for ten years, have two lovely children, and a very good husband except for his selfishness. His work keeps him away from home until midnight three or four nights a week.

"When he comes home and I tell him I've had a woman friend or a neighbor in for the evening, he walks away and is either sarcastic or sulks while I sit up with him. If he happens to come home early one evening and I've arranged to go to the knitting shop nearby for pointers on my work or to go with a friend to a church gathering or a movie, he gets very angry and absolutely refuses to allow me to go. Should I go against his wishes, he would not speak to me for weeks. He claims it is not a married woman's place even to go to a neighbor's home for an hour or so in the evening.

"We do not mix with other couples at all. He really is wonderful to me in the home, buys me all he can afford, but because of his objections I have never been to visit my parents or my married sister, who live in a town not so far away.

"Miss Dixon, do you think it is a married woman's duty to be in her home twenty-four hours a day?"—Questioning Wife.

## SHE'S ENTITLED TO RELAXATION

Your husband appears to be one of those petty tyrants who impose no great cruelties on their subjects, but who keep them in a slow simmer of discontent and resentment by constant application of little mean-nesses and senseless restrictions.

If your husband used his head instead of his self-invested authority in directing his home, he would realize that he is ruining the effect of his generosity in buying you things by depriving you of your individual right to freedom of action and of such simple social contacts as any normal person seeks and enjoys.

Most certainly I would see my friends and my neighbors, and I would exchange the amenities of life with them. If your husband wants to be a boor and sulk, pay no attention to his "grouch." Pretend you don't even notice it. I'd visit my parents, too, if I felt like doing so, regardless of his black mood in the matter. Parents do not last forever.

When a woman has finished her household work and cared for her children and her family she has done her job, and she has earned her right to relaxation and recreation, in her home or away from it. Only a hardened autocrat would require her to be on duty day and night—to serve the clock around. I have told you what a wise and distinguished gentleman said about home autocrats.

## "TYING THE KNOT"—AN OLD BRAHMIN CUSTOM

"Do you promise to love, honor and—er—cherish?"

And, as the saying goes, the knot was tied.

Why, in getting married, the allusion to tying the knot?

To make our vernacular so wordily cosmopolitan, so rich with expressions gleaned from every part of the globe, India, too, has played a part.

Among the Brahmins of this ancient people a nuptial knot is actually tied.

After the father of the bride has given her away, the happy groom places upon her neck the Tall, a piece of ribbon with a gold bead suspended from it, and ties the knot.

This is the tie that binds. For it is the insignia of marriage, forever labeling the bride with the sign, "Hands Off!"

And it is an indissoluble tie, a knot which cannot be untied or cut; for it is said that these worthy people do not recognize divorce.
